Internal Audit Consultancy:

A Better Way

Your Need:

- To strengthen the effectiveness of your Internal Audit function
- To enhance your reputation for good corporate governance
- To improve your protection against the risk of things going wrong
- To reinforce the independence and integrity of your internal audit
- To acquire internationally reputed experience in the support of your internal audit

The Old Way:

- Internal Audit is accountable to management and simultaneously to the Board via the Audit Committee of the Board
- The Audit Committee members have limited time to support the independence and integrity of Internal Audit
- Internal Audit finds it difficult to manage competing pressures on its direction and control
- Increased risks of things going wrong

A Better Way:

- Hire FJP as Internal Audit Consultants to provide support at one or more points of Internal Audit Service:
- Assessment of your Internal Audit with International Best Practices & identifying paths to enhancement
- Review of Internal Audit Strategy & Work Planning
- Training on specific Internal Audit Skills
- Peer review of the outcome of selected Internal Audit assignments
- Outsourced partial or full internal audit
